# BEAUTY SALON

**SKIN COVER**

**Q** Several years ago, I was burnt with boiling fat and was left with brown blotchy patches under my nose. Can you recommend a concealer to cover them?

**LIZ KENT, WASHINGTON, T&W**

**A** You need something that will stay put, so I'm sending this **E. Funkhouser New York Concealer + Eye Base, £17.15** (01908 629 400). It's a cream formulation rather than a liquid so it gives better coverage. Blend it over the patchy area, then lightly dust on the **Face Powder, £16.85**, from the same range, to set the concealer in place. I'm also sending **Holland & Barrett**

**Earthly Elements Natural Vitamin E-Oil, £6.99.**  
Apply it at night to aid the repair of your skin.
