Beautycycle Oil-Free Liquid Foundation with SPF 15, £10.20
 "This is amazing. Unlike many oil-free foundations, it's not chalky, it seeps in and feels like you have nothing on your skin, yet gives you brilliant coverage. I also use a slightly lighter shade under my eyes for hiding dark circles."

MURINE Bright & Moist Eyes, £3.99
 "Being a mum to a young baby, I sometimes only get two hours' sleep. I use these when I'm tired throughout the day to moisten and brighten my eyes."

Head & Shoulders Hydrating Smooth & Silky Shampoo and Conditioner, £1.89 each
 "My hair's naturally fluffy and curly, so I use these to keep it glossy."

Lancôme's Hydra Zen Day Cream, £35.50, and Night Cream, £39
 "Even when I used to go to bed drunk with make-up on, I was lucky enough not to get spots. These days, I use these luxurious creams to keep my skin in top condition."

Beautycycle Colour Lip Gloss in Fire Gem, £6.65
 "I love this gloss because if you apply one layer, it is quiet subtle and great for daytime wear. But if you apply more layers, the shade deepens, so it's perfect to take you from day to evening."

Mama Mio Get Waisted Body Shaper and Tummy Toner Skin Tightener, £35 each
 "When I was pregnant, I gained 2st and looked like a beached whale! Luckily, I didn't get any stretch marks and I can thank this oil for that. I didn't think about cellulite until afterwards, so now I use the Body Shaper, which tingles when applied, so I hope it's busting into the fat cells!"

L'Oréal Voluminous Mascara, £7.99

"I always coat my lashes with my favourite mascara to help me look awake."
